Schools should be places where all our children feel welcomed and safe. When students are included rather than excluded, welcomed and affirmed rather than marginalized, bullied, harassed, or made to feel invisible because of their gender identity or gender expression or any other aspect of who they are, they tend to flourish.

School administrators, educators, staff, parents/guardians, and students each play an important part in creating and sustaining a safe and supportive school environment.

WHEEL OF POWER/PRIVILEGE

SADI PROGRAM

Sexual Assault Discussion Initiative

How can we get SADI in our school?

Schools, and families attending schools, in the Interlake-Eastern area of Manitoba interested in learning more about our workshops are encouraged to contact us. More detailed workshop outlines with associated learning outcomes can be provided.

INTERSECTIONALITY

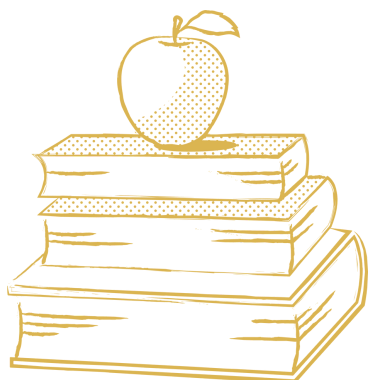

Intersectionality is a lens through which you can see where power comes and collides, where it locks and intersects. It is the acknowledgement that everyone has their own unique experiences of discrimination and privilege.
 - Kimberlé Crenshaw -

WHAT IS SADI?

The SADI (Sexual Assault Discussion Initiative) Program is an education resource for schools in Interlake-Eastern Manitoba, funded by the Manitoba Government's Gender-Based Violence Prevention program.

- We offer workshops for grades 6, 8, 10 and 12 students.
- All workshops are approximately 60-75 minutes long.

We strive to be attentive to the emotional well-being of the students in the classroom, being conscious of trauma-informed care, and may alter or adapt workshops to best fit the needs of each unique group of students.

WHY IS IT IMPORTANT TO EMPOWER YOUTH AND HAVE THESE CONVERSATIONS?

Our workshops for students are guided by the learning outcomes from the Manitoba Curriculum (Family Studies, Guidance Education, Physical/Health Education).

- We uphold the universal human rights of all youth by empowering them with knowledge, support, and discussion opportunities.
- We are committed to creating and maintaining fair and equitable educational environments, in alignment with Manitoba's Education and Early Childhood document on Supporting Transgender and Gender Diverse Students in Manitoba Schools, the Canadian National Action Plan to End Gender-Based Violence, and the United Nations Convention on the Elimination of all Forms of Discrimination Against Women (CEDAW).

Further, we recognize the prevalence of sexual violence experienced by youth in Manitoba schools and exist as a key factor in the prevention of further harm, by working towards changing the culture and attitudes that allow violence to persist and build healthier relationships and communities.
